Air Quality Forecast for the UK

Issued by the Met Office

Today: Low levels of air pollution are expected across the UK during Friday.

Tomorrow: Air pollution levels should remain Low on Saturday despite the warm or very warm temperatures expected across much of the south and southeast of the UK.

Outlook: Air pollution levels are expected to remain Low across the majority of the UK during the period. However on Sunday and Monday ongoing warm conditions may see isolated pockets of Moderate air pollution develop across eastern parts of England.
